Are you in any one of the following situations...?

- » *Feeling stuck despite having tried all ways to create abundance in your life?*
- » *No clarity in your life purpose?*
- » *Don't know who you really are at Soul level?*
- » *Reliving your old dramas over and over again?*
- » *Engaged in repeated patterns of bad luck, trauma and negative events?*
- » *Experiencing great difficulties in your relationships with others?*
- » *Suffering from a lack of self love and low confidence?*
- » *Having weird dreams and nightmares?*
- » *Experiencing highly negative energies based on anger, sadness, hatred, exhaustion, etc all the time?*
- » *Feeling frustrated about being unable to find fulfillment in your life?*
- » *Looking for growth in your spiritual development but not sure how to proceed?*

If the answer is yes to any of the above scenarios, then read on. To begin with, it may well be that you have been looking at all the wrong places. Issues are not resolved on the level at which they were born.

The answers lie at your Soul level.

Each Soul, from the moment of its physical origination, has a set of Akashic Records. The Akashic Records act as a database whereby every thought, word or action is stored as an energetic event. Hence, everything about you, including all information about current, past (extending to previous lifetimes), are stored here. It also goes to show that your Akashic Records contain the information of why you are facing certain blocks and restrictions now!!

The library of Akashic Records is not on the physical plane but rather, it exists on the etheric level. You can either access it on your own in a meditative or very relaxed state, or engage an Intuitive Consultant like me to aid you in the retrieval of your records.

## **Benefits of accessing your Akashic Records**

What are all the benefits of having a reading of your Akashic Records done? At the crux of it all, you get to understand who you are at Soul level. You know what special talents and gifts you are born with. You'd become aware that you are meant to express them in your physical lifetime. You'd also find out why while you have been hoping to express them, you've been facing certain blockages. With a new awareness and an intent to express Yourself fully henceforth, you experience a positive shift in energy consciousness.

Specifically, unlocking the Secrets to your Akashic Records reveals the following:

- ✚ What Soul gifts you have been incarnated with and the innate challenges that you are likely to face.
- ✚ Whether your Soul is aligned to the 5 pillars of Love, Light, Truth, Power and Abundance.
- ✚ What spiritual journey you have been through in previous lifetimes.
- ✚ What your blocks and restrictions are to leading a more abundant life.
- ✚ Whether you are being affected by the negative influences that you carry over into this lifetime.
- ✚ What the deep rooted energetic causes are to your recurring negative thought patterns.
- ✚ Any tears you may have in your chakras.
- ✚ What your life lessons are for this lifetime.
- ✚ What has been causing your disturbed sleep patterns!
- ✚ If you have agreed to any contracts that are made at Soul level but that no longer serve their purpose for this lifetime.

*Not all of these findings may show up in the first reading. Your Soul will only have you know what is necessary for you to work on at one point in time.*

### **Clear Obstacles To Your Current Life**

Having a reading done will not be of much use if there is nothing we can do about the blocks, restrictions and negative influences that exist in our Akashic Records.

Very importantly, reading the Akashic Records allows for a clearing of negative influences and for a realignment of your Soul to take place. Blocks and restrictions can show up in chakra imbalances, memory issues, negative astral travel, opened portals, negative entity attachments, curse/pact/spell/bindings, program implants, negative thought forms, karma, negative influences, etc. Discordant energies created can affect you lifetime after lifetime.

By knowing what energetic imprints you carry from previous lifetimes, the opportunity to remove these opens. The cleansing and realignment process is the second and third part to the realignment portion of the reading.

### **Your Key to Leading An Abundant, Fulfilling and Purposeful Life**

Having a soul profile reading and your soul cleared and aligned or freed, as I like to say, is the key to leading an abundant, fulfilling and purposeful life. Free from your blocks and restrictions, you have every opportunity to express yourself authentically, according to your natural gifts and talents, and in alignment to your Highest Path and Purpose.

## **What Are Akashic Records?**

The Akashic Records refer to a database of every word, thought or action that is stored energetically and encoded in a non-physical plane of existence. They are said to contain the information of every Soul or BEing in the cosmos. The Records are continually updated, with each new thought, word or action that every Soul or entity makes. The Akashic Records therefore contain the energetic prints about the origination and journey of every Soul through its lifetimes. They connect each of us to one another.

Akasha is a Sanskrit word meaning "sky", "space" or "aether". To aid in visualization, most describe the Akashic Records metaphorically as a library. Others likened it to be a "Universal Computer", the "Mind of God", the Cosmic or Collective Consciousness, the Collective Unconscious or the Collective Subconscious. Akashic Records is not physically an out-there thing. It is the speck of divinity within us that allows us to access the field of the Akashic Records.

Anything about the Universe has an energetic record. The records of your Soul are located via your full name at birth and birth date of this current lifetime. They are embedded with information about your previous lifetimes, your Soul Origination, current life lessons and your purpose, and also about future choicepoints.

The soul's journey in self awareness is undertaken through a cause and effect process. You are constantly presented with opportunities to meet Self and to apply spiritual principles in the physical world. You will meet with lessons that will be provided again and again, until you have gained mastery.

## **How Are Akashic Records Accessed?**

The records are accessed through being in a deep state of relaxation or meditation. Anyone can have the same access to the Akashic Records. It is like having an internet access to the same database of information.

In reality, no special powers or abilities are needed to get into the Akashic Records. The same records are accessible by the subconscious mind, through dreams, intuitive and esoteric exercises. However, a cluttered mind, ego, little connection with one's Higher Self and a lack of trust in one's divine power are hindrances that an Akashic Record reader needs to overcome first. It is only when there is complete harmony between the conscious, subconscious or superconscious that Truth from the Akashic Records can be determined.

## **Famous Akashic Record Reader**

One of the most famous of Akashic Record readers is the late American psychic Edgar Cayce (1877-1945). He has been called the "sleeping prophet," the "father of holistic medicine," and is about the most documented psychic of the 20th century. He has done readings on more than 10,000 topics!

## **Readings from the Akashic Records**

We read the Akashic Records from the Now Time Line. All about the past, present and future is brought into the "Now" to be read. We get a glimpse into the journey and the path of a Soul through the Universe. A reading into your Akashic Records is to let your Soul have a voice. We can identify what past traumas and obstructions there are that have left an energetic imprint. By doing so, we exercise the grace and intent to release them.

Soul Realignment is indeed a powerful way to raise your energy vibrations. It is an important key to being Spiritually Whole. Your Being walks in greater awareness from the time you have your Akashic Records read. It is less important to know who you have once been. Of greater significance, it is who you are in the process of becoming. The past and a sense of who you are at Soul level provides a framework of information with which to work. What you ultimately do with the knowledge is still a matter of free will and choice.

For each lifetime, you undergo experiences which would enable your soul to connect back to the Divine. The ultimate benefit of finding out your own Akashic Records is essentially to realize your Oneness with God/The Universe/Spirit.
